

Your partner for control surfaces.

Killick is the leading independent source of 737NG and A320CEO Flight Control Surfaces.

We maintain a pool of high-demand flight control surfaces available for Purchase, Exchange or Lease and positioned at multiple locations worldwide.

Killick partners with industry recognized MRO's to provide quality equipment, ready to go when and where you need it.

Whether it is stocking of spares or supporting an unscheduled removal event, please get in touch to find out how we can support you.
